To Whom It May Concern:

It is my pleasure to recommend **Asnel the Painter LLC** for residential and commercial painting services.

Asnel the Painter LLC recently completed the painting of the residential hallways at The Meridian (Miami Beach) Condominium Association. Throughout the project, the team demonstrated professionalism, reliability, and a commitment to delivering quality workmanship.

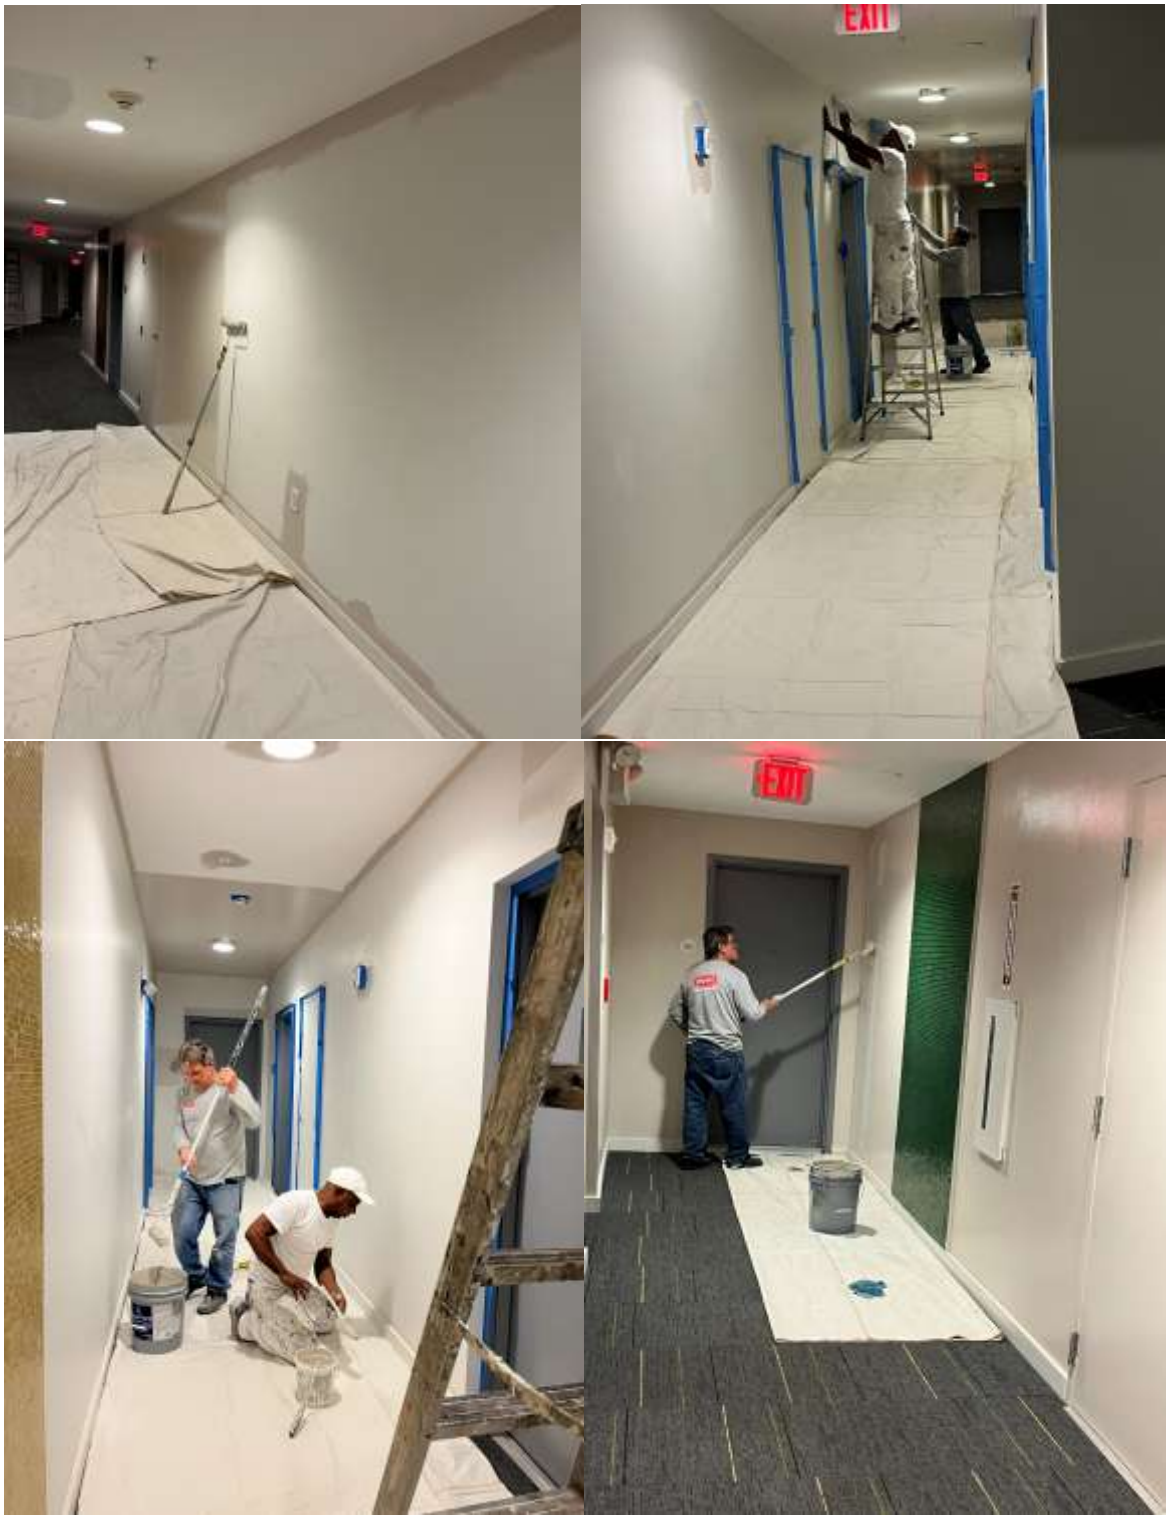

The team was punctual, communicative, responsive, and easy to work with. They maintained a clean work environment, coordinated effectively with management, and completed the project with attention to detail while minimizing disruption to residents. The finished work met our expectations and reflected a high standard of craftsmanship.

Based on our experience, I would confidently recommend Asnel the Painter LLC to any condominium association, property owner, or organization seeking a dependable and professional painting contractor.

We appreciate their service at The Meridian and wish them continued success.

Sincerely,
Natasha Paz, **LCAM**
Property Manager

THE MERIDIAN
